Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Financial innovation, new laws and regulations, and the financial meltdown of 2007-2008 are just a few of the forces that have shaped, and continue to shape, today's distress investment environment. Combine this with the fact that the discipline of distress investing doesn't always follow what conventional wisdom says, and you can see why it is one of the most challenging areas in finance. Nobody understands this better than Martin Whitman—the legendary founder of Third Avenue Management LLC and a pioneer in the field of distressed markets—and leading academic Dr. Fernando Diz of Syracuse University. That's why they decided to write *Distress Investing*. As an outgrowth of annual distress and value investing seminars the two have taught together at Syracuse University's Martin J. Whitman School of Management, this reliable resource will help you gain a better understanding of the essential principles and techniques associated with distress investing and show you how to effectively apply them in the real world. Divided into four comprehensive parts—the General Landscape of Distress Investing, Restructuring Troubled Issuers, the Investment Process, and Cases and Implications for Public Policy—this book comprehensively covers the practice of buy-and-hold investing in distressed credits, whether it be performing loans or the reinstated issues of a reorganized issuer. From the recent changes to U.S. bankruptcy code and creditor rights to cash bailouts, you'll quickly learn how to analyze distressed situations such as pricing issues, arbitrage opportunities, tax disadvantages, and the reorganization of funding plans. Along the way, case studies of both large and small distress investing deals—from Kmart to Home Products International—will give you a better perspective of the business.
