This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

Thousands of books have been published containing stories of the unexplained. Yet, fewer are the number of true stories about the mysterious unknown. This book examines the content surrounding some unusual events of life; all true (or reported to have been true). Oh My God! Mysteries provides a wide variety of intriguing accounts. Among them are the author's own traumatic head injury, lost-at-sea dilemma, and out-of-body experience. This book explores strange occurrences such as surviving deathly illness, drug overdose, atomic bombings, paranormal activities, miraculous interventions, scientific findings, archeological discoveries, industrial accidents, and even the afterlife. Travel with the author through the pages of this book as he unravels a few facets of the unknown for his readers. Some things in life are not always what they appear to be. As the story lines progress, there is always some unforeseen fact which is not readily revealed.
