Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Note: It is best to read my novels; The Fate of the Hustler, and Russian Desires before reading this book. Jeff Lewis was born with Klinefelter s Syndrome as one in a thousand babies are; with both male and female genitals. The doctor made the call along with his mother s consent, and through surgery assigned a single sex to Jeff. Unfortunately upon maturing his micro-penis was of little desire for the young girls he was desperately attracted to, so Jeff took matters in his own hands; and he became a eunuch at age fifteen. His mind s desires formed into a love of science, being free from lust completely.After his very troubled youth Jeff became one of the top genetic engineers and experts on infectious diseases in the world. A short stint at the nefarious Anthrax Tower in Fort Detrick, Maryland, was followed up by the most insane assignment imaginable; In the Archuleta Mesa Base hidden deep in the Jicarilla Apache reservation in Northern New Mexico. Strangely enough here he finally found his human compassion again with the help of a non-human android. Upon retirement he decided to work with Doctors Without Borders to redeem himself from years of nightmarish experimentations he d performed. This would lead him to find a close member of his family that desperately needed his help. This truth had been deeply buried by the very same people he used to work for. He knew he could possibly help. The only problem was that time is running out.
