### Reviews

*This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.*

CAN GENERAL MOTORS WITHSTAND THE TEST OF TIME? Folks, I try to leave certain things alone, but I just couldn't hold my tongue any longer or I was going to pop if I didn't vent. What I am talking about is all of this bragging by the shallow minded liberals about saving general motors. Well, I for one have a different opinion about that matter. In my view liberals just simply doesn't have the depth to understand democracy or the free market, period. Our liberal created welfare state is what has created all these shallow minded liberals that are coming out of the wood works armed with unsound judgment. The liberals have not saved general motors what they really have done is made it another big government dependent. The very basics of understanding life, growth, and survival, or just existence itself are to know that you have to get rid of rot, decay, and inefficiency. You just simply can't have progress, growth, and long term success without allowing failure. What government has actually done to general motors is create another burden on the American tax payers. And from now on it will always be a burden because its management will never make the hard decisions to get rid of enough rot, decay, and inefficiency to become totally independent and profitable. Sure, it is propped up now, but this government is broke and will soon be going under, then what? This nation has bankruptcy laws which mean general motors would have survived, but leaner and meaner. I think saving the unions and keeping liberal voters happy definitely was a big factor. But, instead we have...
