HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, My Bonnie: How Dementia Stole the Love of My Life, John Suchet, After a whirlwind romance and a marriage that spanned decades, former face of ITV news, John Suchet, revealed on breakfast television that his beloved wife Bonnie was suffering with dementia, eliciting a huge response. Never had anyone spoken so movingly about dementia, the thief that stole his still youthful wife on the eve of their retirement. My Bonnie was the number one bestseller in its category, according to the Sunday Times. He had no idea, however, that his love was returned; even less suspected that the two of them would one day be together, and that for 26 years, every moment would be intense, perfect, and shared. Described by readers as 'astonishingly honest' and a 'personal, beautiful love story', John's moving account of how his wife, barely past middle age, was diagnosed out of the blue with dementia, a disease usually associated with the elderly, remains full of joy, despite the tragedy. Finally united, their marriage was passionate and anyone could see that John admired and adored Bonnie and that she loved him right back. They looked forward to their golden years when they could finally be with each other...
