## HOW AUSTRALIA COMPARES

Cambridge University Press. Hardback. Book Condition: new. BRAND NEW, How Australia Compares, Rodney Tiffen, Ross Gittins, How Australia Compares is a handy reference that compares Australia with 17 other developed democracies on a wide range of social, economic and political dimensions. Whenever possible, it gives not only snapshot comparisons from the present, but charts trends over recent decades or even longer. Its scope is encyclopaedic, offering comparative data on as many aspects of social life as possible, from taxation to traffic accidents, homicide rates to health expenditure, and international trade to internet usage. It uses a highly accessible format, devoting a double-page spread to each topic, with tables on one page and a clear explanation and analysis on the facing page. In each discussion the focus is to put the Australian experience into international perspective, drawing out the implications for its performance, policies and prospects.
