Now the book has been reorganized and expanded based on the battlefield knowledge of U.S. Army Special Forces Lt. Col. Joshua Potter, a decorated combat veteran of Iraq who used, refined, and updated the original edition. *Ambush!* incorporates the expertise of combat veterans from Iraq and Afghanistan, security contractors, and Special Operations professionals who have set up ambushes in war-torn Central and South America, Africa, and the Philippines. It includes: A revised look at the anatomy, operational cycle, and warning signs of an ambush Lessons learned from conducting, preventing, and countering ambushes in Afghanistan and Iraq Procedures for dealing with ambushes involving IEDs Counterambush and antiambush tactics, techniques, and procedures utilizing current technology, as well aslow-tech and improvised solutions Special considerations for NGOs operating in contested areas *Ambush!* is much more than a book of ambush case studies - it is a practical survival guide to some of the most treacherous regions of the world.
