Storms-- McGraw-Hill Book Co., New York City, publishers; \$2. Some years ago a little book by this author appeared, published under the auspices of the California State Mining Bureau, with the title, Methods of Timbering. This being a complete innovation in mining literature, and filling a long-felt need, had a rapid circulation, edition after edition being exhausted until it became difficult to get a copy. The little book, moreover, was translated into French, German and other European languages, and had quite a run in the...
