Brand New Book ***** Print on Demand *****.Throughout most of human history we've been divided-stuck in structured behavior patterns and belief systems and confined to the stark cultural boundaries of a manmade world. It's a way of life that has led to feelings of confusion and loneliness, a constant sense of lacking as we search for something more. But as intelligence and creativity continue to expand, a change in thinking is on the horizon, and an increase in awareness has begun to pave the way toward unity. While leaving the old perspectives of traditional religion and science behind, more individuals are learning to tune into a universal force, discovering new and exciting ways of looking at human existence. One Moment in Life is an exploration of these groundbreaking insights about self-awareness, the concept of the universe, and human life as a whole. Awaken to humankind's true potential with refreshing new content that challenges the outdated belief systems of yore, and offers alternative ways of thinking that will allow anyone to tap into a larger and more universal consciousness.
